

## Market Operations Notice

---

Friday 18th March 2014

Reference Number: 0007/14

---

### Subject: Chi-X Australia Update Concerning CHIXOE Release

Further to [Technical Notice 0003/14](#) and [Market Operations Notice 0003/14](#), Chi-X advises that testing of the new low latency trading interface, CHIXOE, has progressed well and a number of firms are expected to have successfully completed qualification testing in time for the expected release into production on **Monday 24 March 2014**.

If you wish to arrange a qualification test this week, please contact Market Operations as a matter of priority. The Chi-X *Product Manual* has also been updated to provide for the new CHIXOE interface, a copy of which can be accessed in the Client Forum via this [link](#). Market Operations can also assist you with any updated Order Forms and change requests to set up CHIXOE Gateways.

If you have any queries concerning this Notice, please contact Market Operations.
