

Market Operations Notice

Friday 17th October 2014

Reference Number: 0018/14

Subject: Chi-X Business Continuity Testing

Chi-X today takes this opportunity to announce its plans for a Business Continuity Test, scheduled to take place on **Saturday 29th November 2014**, between the hours of 09:00 and 11:00 AEDT.

This test will include the failover of Primary (P1) components to Standby (P2) within in the primary production data centre, such as:

- Execution connections
- Market Data connections
- Backend Matching Engine

All Chi-X participants and the data and software vendor community are encouraged to take part in these tests as they form an important part of the process of validating the business continuity arrangements for the operation of the market.

Further details on the exact scope and schedule will be published shortly in readiness for the tests.

If you have any queries on this announcement please contact Market Operations.
